2.	26.2.2011	<p>Both the parties are present.</p> <p>The licensee-JSEB has filed show-cause stating, inter alia, that the allegations levelled by the villagers are baseless & far from truth. The inhabitants of the said village were released electric connection as back as in 2006. The petitioner, Smt. Biswasi Kerketta, was released connection in December 2006 and availed electricity continuously and paid the electric bills in September and October 2007. The service wire of the electric connection of the petitioner was disconnected by the villagers in March 2008 due to their internal cause and reason. In addition five applicants from the said village also completed the necessary formalities in April 2010 but the villagers could not allow the licensee-JSEB officials to release the connection to them. Thereafter the Board's field officials held a meeting with the villagers and it was decided that before releasing any connection the existing 63 KVA transformer be replaced by 100/200 KVA</p>	

transformer. The officials of the licensee-Board immediately went to the village for installing 100 KVA Distribution transformer but the villagers are not agreeable for the reasons best known to them. Therefore the licensee-Board has lodged an FIR with local police station. In view of this it has been prayed to exonerate from the charges levelled against them.

Perused the show-cause and heard the parties.

The villagers are directed to cooperate with the licensee-JSEB in solving the problem, so that the electrical connection will be provided to them. The licensee-JSEB is directed to sort out the problem and provide the electrical connection to all the applicants/complainants on or before 24th March 2011 and submit a compliance report on the next date.

Put up on **26.3.2011** at **11.30 AM** for further orders.
