Dear Sir,

With regards to above subject (refer attachment) and topic of Moratorium for 3 month on electricity bills, Waiver of fixed charges from 1st April 20 to 30th June 20 and consideration for interest based on impact of moratorium we like to share following inputs:

We appreciate the initiative and this is very much urgently required. Many other states have taken decisions on similar lines and this has helped industries retain people and survive this extremely challenging phase. Such a step will ensure some relief for strained cash flow and already large losses accumulated.

We will be grateful if such steps are implemented.

regards
Deepak Bagrecha
